20 February 2014

Dear Vincent,

**Re: HCPC Major Change: delivered by University of Glasgow Caledonian University & Strathclyde and validated by University of Glasgow Caledonian University & Strathclyde - D.Psych in Counselling Psychology - Part Time**

I am writing to you regarding your major change submission for the programme above.

Following an assessment of the changes, the Education and Training Committee (ETC) agreed there is sufficient evidence to demonstrate the programme continues to meet the standards of education and training (SETs). This decision was made by the ETC on 13 February 2014. A copy of the decision notice will be available on our website shortly if you would like a copy for your records.

In line with our approval and monitoring processes, the programme maintains its open-ended approval, subject to satisfactory monitoring.

Please ensure we are kept informed of any changes to the programme so that if a visit is required, we can make the necessary arrangements.

Should you have any queries or feedback, please contact [majorchange@hcpc-uk.org](mailto:majorchange@hcpc-uk.org).

Yours sincerely,

Education Department
