Dear Ms Nixon,

Speech and Language Therapy Registration

I am writing to confirm that RCSLT, together with the Registrant member of HPC, has reviewed all the qualifications listed in the attached Appendix and are satisfied that they all meet the HPC Standards of Proficiency for speech and language therapists. There have been no substantive changes in the content of the curriculum leading to a speech and language therapy qualification. However, speech and language therapy courses have developed over time, in common with all courses leading to healthcare qualifications over the same period.

Yours sincerely,

Professor Susan Roulstone, DipCST, MEd, PhD, CertMRCSLT
Chair, RCSLT Council
