Issues of Relevance to HPC In light of the requirement for ODP's to produce evidence of their CPD from October 2008, I delivered a presentation on meeting the HPC Standards of CPD. The presentation included the following areas: <ul style="list-style-type: none">• what is CPD• overview of each standard• what is require and what it means for registrants• how the current CPD is achieved or not by the profession• portfolio –vs- profile• the audit process Following the presentation there were a number of questions raised. These were regarding the method of how CPD profiles are going to be audited and who by? Who are the auditors (which professions will be involved? ODP representatives how many). Another question related to ODP's who were currently serving with the armed services and therefore may be out of the country if they are random selected for audit and would not receive a request to provide their CPD. I gave out copies of the short guidance document/leaflet.
