#### Guidance for Panel Chairs

In determining whether to approve a programme, the Panel must reach its decision on the basis of the evidence put before it.

The Visitors' report is only a recommendation and the Panel may depart from that recommendation where it is satisfied that it is appropriate to do so.

The Panel must reach its own decision and give reasons for that decision.

<b>Decision:</b>
That the programme, which was previously recommended for approval subject to conditions, should be approved, as the conditions have been met.
<b>Reasons</b>
The visitors are now satisfied that the conditions in the visitors' report have been met and the programme therefore meets the standards of education and training.
