### Education and Training Committee Panel

#### Programmes in respect of which approval is recommended subject to conditions

<b>Name of programme</b>	<b>BSc (Hons) Applied Biomedical Science</b>
<b>Name of education provider</b>	<b>University of Bradford</b>
<b>Mode of delivery</b>	<b>Full time</b>
<b>Date of decision</b>	<b>18 August 2008</b>

**Panel :** Alan Mount, Chair  
Elizabeth Ellis  
Tony Hazell  
Carol Lloyd  
Barbara Stuart

#### Guidance for Panel Chairs

In determining whether to accept a Visitors' report (including the conditions and recommendations in the report), the Panel must reach its decision on the basis of the evidence put before it, in the form of the HPC Visitors' report and any observations on the report made by the education provider.

The Visitors' report is only a recommendation and the Panel may depart from that recommendation where it is satisfied that it is appropriate to do so.

The Panel must reach its own decision and give reasons for that decision. If the Panel wishes to amend the report, it should give reasons for each amendment.

#### **Decision:**

That the Visitors' report (including the conditions and recommendations in the report) should be accepted.

**Reasons**

The Panel is satisfied that the conditions in the Visitors' report must be met before the programme can be approved or before the ongoing approval of the programme can be confirmed.

**Signed:****(Chairman of the Panel)**

#### Guidance for Panel Chairs

In determining whether to accept a Visitors' report (including the conditions and recommendations in the report), the Panel must reach its decision on the basis of the evidence put before it, in the form of the HPC Visitors' report and any observations on the report made by the education provider.

The Visitors' report is only a recommendation and the Panel may depart from that recommendation where it is satisfied that it is appropriate to do so.

The Panel must reach its own decision and give reasons for that decision. If the Panel wishes to amend the report, it should give reasons for each amendment.

#### **Decision:**

That the Visitors' report (including the conditions and recommendations in the report) should be accepted.

**Reasons**

The Panel is satisfied that the conditions in the Visitors' report must be met before the programme can be approved or before the ongoing approval of the programme can be confirmed.

**Signed:****(Chairman of the Panel)**

<b>Decision:</b>
The Visitors' report should be amended as follows:  The condition against SET 6.5 should be deleted and replaced with a recommendation and reason to be worded as follows:  'Recommendation: The education provider should submit as part of annual

monitoring the interim reports for S210 and S2xx.

Reason: The visitors noted that the external assessor provides an interim report six to nine months before the course is presented to ensure effective mechanisms are in place to assure appropriate standards in the assessment of students. The visitors felt that these mechanisms were sufficient to meet SET 6.5 to assure appropriate standards in the assessment. As these reports will not be available until 2009/10 it is recommended that this is seen as part of the annual monitoring process.'

### **Reasons**

The Education and Training Panel held on Thursday 29 May 2008 agreed that the visitors should be asked to provide clarification on the reasons for the condition which had been set against SET 6.5. The visitors have now recommended that the condition should be replaced by a recommendation and have recommended the wording set out above.

The Panel is not satisfied that the condition against SET 6.5 in the visitors' report needs to be met before the programme can be approved. They believe there is evidence that the SET has been met.

<b>Decision:</b>
<p>1. The Visitors' report should be amended as follows:</p> <p>The documentation deadline for the conditions against standards of education and training (SETs) 5.4, 5.5, 5.7.1, 5.7.3, 5.7.4, 5.8.3, 5.12, 6.1 and 6.6 should be set as December 2008. The executive should negotiate with the education provider to agree an exact date in</p>

December 2008.

The documentation deadline for the remaining conditions should be set as Friday 22 August 2008.

2. The Executive should ensure the education provider is aware that the conditions against SETs 5.7.3, 6.1 and 6.6 relate to professional conduct and fitness to practice.
3. The Executive should clarify the process for producing visitors' reports to the education provider.

### Reasons

1. The Panel is satisfied that the conditions in the Visitors' report must be met before ongoing approval of the programme can be confirmed.

The Panel is satisfied that the programme has previously been approved by the HPC and that there is no evidence that individuals who have completed the programme are unfit to practice. The Panel is therefore satisfied that the nature of the conditions to be met in December pose a minimal risk to the protection of the public. The Panel also felt that a longer deadline to meet these conditions would provide the education provider with sufficient time to collaborate with practice placement providers.

2. The Panel felt that the education provider might not have understood that the conditions against SETs 5.7.3, 6.1 and 6.6 relate to wider issues than the education providers focus on interpersonal skills in their observations.
3. The Panel felt that the Executive should respond to the observation that two reports were produced following the visit when the outcome for the BSc (Hons) Prosthetics and Orthotics and MSc Prosthetics and Orthotics programmes was the same.

#### **Guidance for Panel Chairs**

In determining whether to approve a programme, the Panel must reach its decision on the basis of the evidence put before it.

The Visitors' report is only a recommendation and the Panel may depart from that recommendation where it is satisfied that it is appropriate to do so.

The Panel must reach its own decision and give reasons for that decision.

<b>Decision:</b>
That the programme, which was previously recommended for approval subject to conditions, should be approved, as the conditions have been met.
<b>Reasons</b>
The visitors are now satisfied that the conditions in the visitors' report have been met and the programme therefore meets the standards of education and training.

#### Guidance for Panel Chairs

In deciding whether to agree that a programme should continue to be approved, the Panel must reach its decision on the basis of the evidence put before it, in the form of the HPC Visitors' report and any observations on the report made by the education provider.

The Visitors' report is only a recommendation and the Panel may depart from that recommendation where it is satisfied that it is appropriate to do so.

The Panel must reach its own decision and give reasons for that decision.

<b>Decision:</b>
That the programme continues to meet the standards of education and training and the programme should continue to be approved.
<b>Reasons</b>
The visitors are satisfied that the programme has undergone a major change, but continues to meet the standards of education and training, so no approval visit is required.
