

## Education and Training Committee – 25 November 2009

### Withdrawal of approval from historic programmes

#### Executive summary and recommendations

##### **Introduction**

As a result of the completion of the definitive list of approved programmes, the Education Department holds a list of approved programmes that are recorded as “closed”. These programmes either have no students, or have students but are no longer recruiting additional cohorts.

As all of these programmes still carry approved status the risk exists that an education provider may re-establish a training programme as leading to eligibility to register with the Health Professions Council.

This paper is asking the Education and Training Committee to agree:

- for appendix one to withdraw ongoing approval from the programmes on the basis that the relevant education provider has provided consent for withdrawal of approval.
- for appendix two to commence proceedings to withdraw approval from the programmes on the basis that initial communication and a reminder have been sent to the education provider and the education provider has failed to provide consent for withdrawal of approval.
- for appendix three to withdraw ongoing approval from the programmes on the basis that following the decision taken by Committee to commence proceedings to withdraw approval notification of this action has been sent to the relevant education provider and they have not provided representations for withdrawal of approval.

All correspondence relating to the provision of consent or not has been checked and confirmed by the executive.

##### **Decision**

The Committee is asked to agree the following:

- That the programmes listed in appendix one, which have submitted their consent, have their ongoing approval status withdrawn.
- That the following programmes listed in appendix two, which have not submitted their consent, receive notice of the Committee’s intent to withdraw approval.
- That the programmes listed in appendix 3, which have not submitted any representations following notification of the Committee’s intent to withdraw approval, have their ongoing approval status withdrawn.

Background information  
“Withdrawal of approval from historic programmes”, Education and Training  
Committee, September 2007

**Resource implications**

None

**Financial implications**

None

**Appendices**

Appendix 1 – programmes for which consent for withdrawal of ongoing approval  
has been provided (p3)

Appendix 2 – programmes for which consent for withdrawal of ongoing approval  
has not been provided (p7)

Appendix 3 – programmes for which representations for withdrawal of ongoing  
approval have not been provided following notification of the Committee’s intent  
to withdraw approval (p8)

**Date of paper**

13 November 2009

Appendix 1 - programmes for which consent for withdrawal of ongoing approval has been provided

<b>Institution of Delivery</b>	<b>Mode of Study</b>	<b>Title of Programme</b>	<b>Validating Institution</b>
