

## Education and Training Committee – 22 September 2009

### Withdrawal of approval from historic programmes

#### Executive summary and recommendations

##### **Introduction**

As a result of the completion of the definitive list of approved programmes, the Education Department holds a list of approved programmes that are recorded as “closed”. These programmes either have no students, or have students but are no longer recruiting additional cohorts.

As all of these programmes still carry approved status the risk exists that an education provider may re-establish a training programme as leading to eligibility to register with the Health Professions Council.

This paper is asking the Education and Training Committee to agree:

- for appendix one to withdraw ongoing approval from the programmes on the basis that the relevant education provider has provided consent for withdrawal of approval.
- for appendix two to commence proceedings to withdraw approval from the programmes on the basis that initial communication and a reminder have been sent to the education provider and the education provider has failed to provide consent for withdrawal of approval.

All correspondence relating to the provision of consent or not has been checked and confirmed by the executive.

##### **Decision**

The Committee is asked to **agree** the following:

- That the programmes listed in appendix one, which have submitted their consent, have their ongoing approval status withdrawn.
- That the following programmes listed in appendix two, which have not submitted their consent, receive notice of the Committee’s intent to withdraw approval.

##### **Background information**

“Withdrawal of approval from historic programmes”, Education and Training Committee, September 2007

**Resource implications**

None

**Financial implications**

None

**Appendices**

Appendix 1 – programmes for which consent for withdrawal of ongoing approval has been provided (p3)

Appendix 2 – programmes for which consent for withdrawal of ongoing approval has not been provided (p6)

**Date of paper**

10 September 2009

Appendix 1 - programmes for which consent for withdrawal of ongoing approval has been provided

Institution of Delivery	Mode of Study	Title of Programme	Validating Institution
