

**Education and Training Committee Panel**

**Programmes in respect of which approval is recommended subject to conditions**

<b>Programme name</b>	Aston Certificate in Audiology
<b>Education provider</b>	Aston University
<b>Mode of delivery</b>	Part Time
<b>Date of decision</b>	Tuesday 6 December 2011

**Panel: Diane Waller (Chair)  
Jeff Lucas**

**Penny Renwick  
Eileen Thornton**

**Guidance for Panel Chairs**

In determining whether to approve a programme, the Panel must reach its decision on the basis of the evidence put before it, in the form of the HPC Visitors' report and any observations on the report made by the education provider.

The Visitors' report is only a recommendation and the Panel may depart from that recommendation where it is satisfied that it is appropriate to do so.

The Panel must reach its own decision and give reasons for that decision. If the Panel wishes to amend the report, it should give reasons for each amendment.

<b>Decision</b>
That the Visitors' report (including the conditions and recommendations in the report) should be accepted.
<b>Reasons</b>
<p>The Panel was satisfied that the conditions in the Visitors' report must be met before the programme can be approved or before the ongoing approval of the programme can be confirmed.</p> <p>The Panel noted observations submitted by a Committee member which raised wider policy issues regarding the HPC approval process. The Panel was satisfied that the observations did not address matters within the scope of the Panel's remit under Article 18(1) of the Health Professions Order 2001, and therefore did not constitute relevant information for the purposes of the Panel's decision.</p>

**Signed:**

**, Panel Chair**

## Education and Training Committee Panel
