
Education and Training Committee – 12 June 2012

List of approved programmes – social workers in England

Executive summary and recommendations

This paper provides Committee with an update on the legislation with a particular focus on the responsibilities around approved qualifications and the maintenance of a list of approved programmes. The Education and Training Committee is asked to note the lists of approved programmes for social workers in England, in line with legislative change. The lists are based on information supplied by the General Social Care Council (GSCC) and will be updated and become effective on the appointed day of transfer (1 August 2012).

Introduction

Health and Social Care Act 2012

The Health and Social Care Act 2012 provides for the regulation of social workers in England by the Health Professions Council and for the Health Professions Council to be renamed to the Health and Care Professions Council. The Act also amends the Health Professions Order 2001 to the Health and Social Work Professions Order 2001.

The Act amends schedule 3 to the Health Professions and Social Work Order 2001 to include the following definition;

““social worker in England” means a member of the social work profession in England, and references to “social work in England” are to be construed accordingly;”

The Act also amends article 3 (5) (a) of the Health Professions and Social Work Order 2001 to provide that;

“The public bodies with which the Council must co-operate for the purposes of paragraph (5) (b) include in particular -

- (a) the Care Council for Wales,
- (b) the Scottish Social Services Council, and
- (c) the Northern Ireland Social Care Council.”

In turn, the Act amends article 12 (Approved qualifications) of the Health Professions and Social Work Order 2001 to provide that;

“12. - (1) For the purposes of this Order a person is to be regarded as having an approved qualification if –

- (d) where he is applying for admission to the register as a social worker, he has, in Wales, Scotland or Northern Ireland, undergone training in social work and –
 - (i) the training is recognised by the Council as meeting the standard which it requires for admission to the part of the register relating to the social work profession in England, or
 - (ii) the training is not so recognised but he has undergone, whether in England or elsewhere, such additional training or professional experience as satisfies the Council that he has the requisite standard of proficiency for admission to the part of the register relating to the social work profession in England.”

Health Professions and Social Work Order 2001

Article 15(8) of the Health Professions and Social Work Order 2001 remains unchanged and provides that;

“The Council shall maintain and publish a list of the courses of education and training, qualifications and institutions –

- (a) which are for the time being approved under this Order: or
- (b) which have been approved under this Order but which are no longer approved, together with a record of the periods in respect of which they were approved.”

Therefore, it is necessary for the Council to maintain and publish lists of approved programmes for social workers in England. These lists should take into consideration the transfer arrangements outlined above.

Transitional arrangements

Transitional arrangements under the Health and Social Care Act will provide for all of the following to be treated as a qualification approved by the HCPC from the transfer date (until such time as that approval is varied or revoked by the HCPC:

- successful completion of a course in relevant social work which was immediately before the appointed day approved by the GSCC (including courses approved by the GSCC under the Central Council for Education and Training in Social Work (Transfer Scheme) Order 2001); and
- successful completion of training elsewhere than in England in relevant social work which was immediately before the appointed day recognised by the GSCC as being to a standard sufficient for registration.

Consequently, by operation of law, all currently approved routes to the GSCC register will be treated on a transitional basis as qualifications approved by the HCPC.

HPC's list of approved programmes

The HPC's 'register of approved programmes' is only available on-line. It is proposed that the lists of approved programmes for social workers in England are published, with appropriate caveats, ahead of the register opening on the appointed day of transfer (1 August 2012). This will provide clarity to education providers, as well as students and prospective applicants on the status of the programmes at the earliest opportunity. Once the register is transferred, the lists will be updated to reflect that the programmes have been automatically approved by HCPC on a transitional basis.

Decision

The Committee is asked to note the lists of approved programmes and arrangements for their publication and maintenance.

Background information

None

Resource implications

Resources have been accounted for in 2012-2013 Education Department work plan and budget.

Financial implications

Finance resources have been accounted for in 2012-2013 Education Department work plan and budget, as well as the social worker major project budget.
