Section four: Recommendation of the visitors

To recommend a programme for ongoing approval, the visitors must be assured that the programme meets all of the standards of education and training (SETs) and that those who complete the programme have demonstrated an ability to meet our standards of proficiency (SOPs) for their part of the Register.

The visitors agreed to recommend to the Education and Training Committee that:

- There is sufficient evidence to show the programme continues to meet the standards of education and training and that those who complete the programme will continue to demonstrate an ability to meet the standards of proficiency.
- There is insufficient evidence to determine if or how the programme continues to meet the standards of education and training listed. Therefore, a visit is recommended to gather more evidence and if required place conditions on ongoing approval of the programme.
