Jeff Lucas Joy Tweed

Guidance for Panel Chairs

In deciding whether to agree that a visit is required, the Panel must reach its decision on the basis of the evidence put before it, in the form of the HCPC Visitors' recommendation and any observations on the report made by the education provider.

The Visitors' report is only a recommendation and the Panel may depart from the Visitors' recommendation where it is satisfied that it is appropriate to do so.

The Panel must reach its own decision and give reasons for that decision.

Decision
There is insufficient evidence to determine if or how the programme continues to meet the standards of education and training. Therefore, a visit is recommended to gather more evidence and if required place conditions on ongoing approval of the programme.
Reasons
The Panel is satisfied with the visitors' recommendation that the education provider must demonstrate how all of the standards of education and training (SETs) continue to be met before ongoing approval of the programme can be confirmed. It is recommended that a visit take place within two to three months.
